<i>Women: Are you pregnant?</i>	Yes / No

Are there any other medical conditions that you think we should be aware of?

Acknowledgement of risk: There will always be some risk involved in any type of adventurous activity, and indeed the benefits of the activity would probably be nullified if these risks were completely removed. The type of risk is generally confined to the same sort of risks that a normal adult involved in normal active recreation may experience. We consider the level of risk to be low and reasonable. However, you must decide if you also consider it reasonable. Our 'challenge by choice' approach endeavours to ensure that participation in any activity is always at your own discretion. The above declaration does not absolve Head 4 Heights of its "Duty of Care" and other legal responsibilities.

I have read and understand the above statement. The information I have provided about my medical history is accurate to the best of my knowledge.

Signature of participant: Date:

Please print name: For instructors use only.....
